

*extreme flexibility*

## *extreme flexibility*

*You want to do more with life.*

The Compaq iPAQ Pocket PC is designed to ride along on the voyage of life – whether hanging in the city or snowboarding down a mountain. It's not much bigger than a calculator and comes standard with applications like Microsoft Pocket Word™, Excel™, Outlook™, Internet Explorer™, and Windows Media™ Player.

Do more with its modular system of slide-on Expansion Packs. Wireless Internet puts the power of your office at the touch of your fingers.

*Whatever you choose to do,  
you can do it with the Pocket PC.*

*The world won't stop and wait  
while you find a phone number.*

Find it fast with the iPAQ Pocket PC  
'Find' feature that allows you to  
search for last names, company  
names, keywords...whatever.

*u n e x p e c t e d   s p e e d*

The Pocket PC is Windows®  
Powered so you can use the  
'Start' button to find all your  
files and applications quickly.  
Not fast enough? Okay, press  
the QStart button and access  
yesterday's meeting notes with  
one click. Press the calendar  
button and see this week's  
appointments.

*Don't slow down, do it faster  
with your Pocket PC.*

*be prepared  
for anything*

*Life is a blur of uncertainty-  
but you can tell chaos to take a hike.*

You have all the answers on your  
iPAQ Pocket PC. With Pocket  
Outlook™ all your appointments,  
contacts, email, and desktop files  
are at your fingertips.

*experience more*

Use Pocket Internet Explorer™ to  
find what you need on the Web  
without waiting to get back to the  
office and use Pocket Streets to  
actually find your way back. With  
Microsoft Pocket Word™ and Excel™  
you can work from wherever life  
takes you. And keep track of your  
inspired ideas by dictating to your  
Pocket PC and attaching the Voice  
Note to a reminder.

*Do more with life, and keep up  
with it using your Pocket PC.*

*fit in stand out*

**COMPAQ**

*If you're the type of person  
who tends to get noticed,  
we'd like to introduce you  
to an unexpected soul mate.*

*express yourself*

*The iPAQ Pocket PC takes the  
good things from the box setting  
on your desktop and puts it in  
a handy little travel pack.*

It includes a great new color screen that will catch your eye – and those of the envous strangers looking over your shoulder.

It also appreciates the arts as much as you do and can play mp3 music, movies, and multimedia files.

*This is not your typical handheld organizer,  
and that's exactly the point.*

Flash Expansion Pack

Sports Style Pack

You'll love how the iPAQ Pocket PC can slip into more functional, like a Compact Flash Expansion Pack, or put on its play clothes with the rugged, water resistant Sports Style Pack.

*When you see things clearly,  
you make better decisions.*

With the iPAQ Pocket PC's Today screen, you can make great decisions in a snap while viewing all your daily tasks and appointments with one glance. A backlight and reflective TFT screen feature means you see everything on the Pocket PC whether you're in bright sunlight or total darkness.

*Liberate all the little details from your desktop PC and put them in your hands – wherever you and your hands happen to be.*

*extreme clarity*

*touch it, feel it, believe it*

*It's sleek appearance and  
light weight may fool you.*

The iPAQ Pocket PC has the functionality and power of a much larger computer, but in a small, smooth body that feels good in your hand.

The Navigator button lets you to glide up, down, and around the screen with just one finger. Slide an Expansion Pack or Style Pack onto the Pocket PC and feel the extra potential you can't get with other handheld devices.

And with best-in-class components from Intel® and Sony®, Compaq's reputation

*expect more*

for quality, and our Next Business Day Exchange program, there's more to the iPAQ Pocket PC than just a nice body.

*take it easy*

For something that does so much, the iPAQ Pocket PC is really simple to set-up and start using. Its operating system is Windows® Powered, so you can begin with the 'Start' button like you would on any Windows® machine.

Sharing information between your desktop and Pocket PC is as simple as following our Virtual Tour CD and installing the ActiveSync™ software. Then slide your Pocket PC into its cradle and it automatically synchronizes your Outlook files. Play a game, watch a movie, read a book, play your favorite song.

*You can take it easy with the Pocket PC.*

*exceptional ease*

*expansion packs*

## *infinite expansion*

Our Pocket PC just has so much going for it. It has great functionality and can also dress for the occasion. Monday through Friday the Executive Style Pack and PC Card Expansion Pack show everyone that you mean business.

*Speed, style, sophistication.*

On the weekend, you and your Pocket PC can go cycling through the mud with its water-resistant Sport Pack. In the future, it can be your navigator with a Global Positioning System (GPS) Pack.

You may call your Pocket PC your party PC when you slip it into your BoomBox Pack and crank up the music. With all this and more to come. . .

*...we think you'll have a  
great future together.*
